YOURS

Yours to keep
site and domain in your name

01 WHERE WE STARTED

What we built it around.

01 Start-to-finish buyer support.

Your own heading, with your line about sales, setup, training and support in one place. Option 1 paints it on your shop floor in front of a new spray drone, with your three buyer-support steps along the foot.

02 Over the crop, not through it.

Built from your own line about reaching fields once the crop is established. Option 2 splits the screen at the exact line where your corn meets the trees in your own spray photo, sky above, your teal below.

03 Drone sales, setup, training, and support in one place.

On the side of your own trailer. Option 3 letters your name, your services and your number the way your trailer does, and its side door swings open onto your own photo of your drone in the air.

02 WHAT YOU GET

06 QUESTIONS

The usual questions.

01 Will moving hurt my Google ranking?

We move it carefully. Every page address on your current site keeps working or forwards to its new page, and your titles and business details carry over, so nothing Google already knows about breaks. The new site is fast and built for phones first, which Google rewards. We don't promise rankings.

02 Is it secure?

Yes. No WordPress or plugins to keep patching, modern hosting with SSL, and every version saved, so any change can be rolled back.

03 Who owns it?

You do. The site and the domain are in your name, not ours. Hosting is included and nothing renews unless you ask. If you ever want to move it, you get every file.

04 How do I make changes?

Text or email me the change and it's live the next business day. The first 30 days are free. After that, unlimited changes come with any monthly plan, from \$250 a month, cancel anytime.

05 When do I pay?

Half (\$1,250) when you say go, the rest (\$1,250) when the site is live. You've seen the homepage before paying anything.

06 What if the brands I carry change?

Then the site changes with it. Product pages are built to swap, and I'll redo them before launch if your lineup changes.
